REPORT OF SUPERINTENDENT OF SCHOOLS

To the Honorable Board of School Directors and Citizens:

I have the honor of submitting my twenty-second annual report of the schools of Clarendon.

Seven schools are being maintained during the present school year.

Statistics relating to teachers are as follows:

Name of Teacher	Name of School	Kind of Certificate
Theresa Dwyer	Hill School	E. P. Probationary
Madeline Kelley	Clarendon Flats	War Certificate
Mary C. Dwyer	East Clarendon, Grammar	E. P. Standard
Ruth Herrick	East Clarendon, Primary	War Certificate
Maida M. Johnston	Chippenhook	War Certificate
Mary Leahy	North Clarendon	E. P. Probationary
Ellen Leonard Spafford	Clarendon Springs	E. L. Standard

State aid, based on the minimum program of equated pupils, is \$4,444.74. This increase is due to a change made by the last session of the Legislature, raising the cost per equated pupil from \$20.00 to \$25.00.

The enrollment and attendance of pupils are given below:

FALL TERM

School	Girls	Boys	Per Cent of Attendance
Hill School	11	10	95.8

The following graphs give figures in concrete form that should be of value as a town record.

The first graph gives the different items of expenditures for the year beginning July, 1944 and ending June 30, 1945. The second graph covers expenditures for a series of years.

We feel that these records will be very valuable to refer to in years to come.

CURRENT SCHOOL EXPENSES

Beginning July 1, 1938 and Ending June 30, 1945

It will be noticed in another part of this report that the fall term enrollment is larger than usual. The Springs School increased to quite a degree and also the East Clarendon school became so large that it had to be divided.

The directors were very fortunate in obtaining the office building near the East Clarendon School for the primary children. This makes an excellent arrangement in this district. Mrs. Ruth Herrick consented to be the teacher of the young group, and, as we know, her services are very efficient.

Since the war has ended the school population is experiencing extraordinary changes throughout the whole country and I expect that the enrollment in Clarendon will continually increase.

The situation at East Clarendon presents a problem that will require careful consideration in the near future. It may be necessary to enlarge the other building and provide for a two-room school.

There is plenty of ground for such a project and the extra room would naturally improve the educational facilities of the town. It would be wise to keep this matter in mind and watch the trend of school population in order to determine whether or not the extra room will be required.

Some schools in the district that have been closed for several years had to be reopened in September to take care of children from families who moved in during the summer. There is not much doubt but that many people will move back to the farms during the years ahead. In fact, such is the tendency in different parts of the country at the present time. We are very much impressed with the large number of returned veterans who are desirous of taking up farming as their life work.

Their experiences in foreign countries have convinced them that the opportunities in farming here at home are very promising indeed. We should all encourage this very laudable undertaking.

The teacher situation continues to be a most serious problem. A recent survey throughout the nation has just been completed and the results are not too encouraging. We believe the educational institutions are the cornerstones of any Government and we must have well qualified teachers to meet the demands of these professional institutions. We should encourage young people to take advantage of the opportunities provided by our training schools that will prepare them for their life work in this particular field of endeavor.

The schools of Clarendon have been efficient for many years and we should put forth every effort to see that the present standard is maintained. This means that the highest degree of cooperation between parents, teachers, and pupils is necessary.

We appreciate the excellent work of the teachers and the substantial interest of the citizens in the different school districts.

The school directors are giving very careful consideration to the repairs needed on all the buildings and, regardless of the difficulties in obtaining help, the various schools are in good

condition. This work must be followed up year after year and I believe that good judgment has been exercised on the part of the directors.

I join with the teachers in expressing deep appreciation of the educational opportunities provided for the children by the citizens of Clarendon.

Respectfully submitted,

F. W. WALLACE,

Superintendent.

AUDITORS' REPORT

We have examined the books and accounts of the officers of the Town of Clarendon for the year ended December 31, 1945, and show the foregoing balance sheet at that date, and a statement of income and expense for the year.

Cash on hand was confirmed by bank statement and count, and taxes due by records of the Town Clerk, and both amounts were found in keeping with the books of the Town Treasurer and Constable. Doubtful accounts receivable amounting to \$110.02, and money earned by the Town but due from the State Treasurer on the audit date were omitted from the assets; the former in order to keep the statement on a conservative basis and the latter because similar figures for the year 1944 were included in the current list as caused by the change in audit date from February 1st. Inventories of real and other property were omitted from the asset statement in keeping with the conservative procedure of many years precedence in this Town.

All liabilities and accounts payable were confirmed by Town officers' order records or the creditor's statement and we satisfied ourselves that all such on December 31, 1945, had been brought into account.

Receipts from all known sources were confirmed with records of the Town Clerk, Selectmen, Constable, School Directors, State Treasurer, banks, etc. The school tuition errors of two previous years were corrected in part by payment and part by credits, the latter not appearing in the statement of income and expense. Taxes collected by the Treasurer were substantially in excess of the figure computed from the 1945 Grand List because of the manner of handling tax inventories, omissions and additions. Without exact figures available we have allowed the sum in excess of the July 1st computation to stand as shown by the Treasurer's accounts.

With the exception of some minor payments for services, we have received and found supporting bills and vouchers for the disbursements in all departments except the School Department in which case bills from which the top half or heading had been removed by cutting or tearing were presented by the Clerk

of the Board. This made it impossible to ascertain the name of the person or company involved, whether or not the transaction was actually a 1945 sale, whether the goods were sold and delivered to the Clarendon schools or some other, and other pertinent parts of the contract. This practice was nearly entirely confined to bills presented to support the purchase of books and in most cases the bills carried the "OK" and initials of the Superintendent of Schools.

Inventories of supplies were supplied by both Road Commissioners and we satisfied ourselves that conditions thereof were proper. Supplies of the Selectmen and Overseer of the Poor are few and well known to us and we waived presentation of inventory. The School Board did not present a detailed inventory of books and supplies, as requested, making knowledge by your auditors impossible as to the extent and condition of the \$1,342.69 worth of books shown by Town Reports to have been purchased during ten prior years, a period we considered reasonable for complete depreciation.

An independent statement of Town School District financial standing is herewith shown, as are statements of the various cemetery, fire, dog, and other accounts. An itemized list of claims for services of Town and Town School District officers is also shown with other figures required by Public Laws of Vermont or established by precedence in this Town.

In our opinion, based upon the examination we have made, the statements shown herewith present fairly, on the basis indicated, the financial position of the Town at December 31, 1945, and the results of its operations for the year ending on that date in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year. As residents and voters of the Town of Clarendon, your Auditors wish to state that the foregoing is a conscientious and factual report and does by no means represent any personal or political opinion whatsoever on their part as such residents and voters.

Respectfully submitted,

WILLIAM A. WEEKS,
E. M. PENNOCK,
HERMAN E. DOLE,

Auditors.

WARNING

The legal voters in the March Meeting of the Town of Clarendon and the Town School District are hereby notified and warned to meet at the Town Hall in said Town on Tuesday, the 5th day of March, 1946, at 10 o'clock A.M. Standard Time, to act on the following propositions:

1. To choose a Moderator.
2. To act upon the reports of the Town Officers.
3. To see if the Town will instruct the Selectmen to appoint one or two Road Commissioners instead of electing them by ballot.
4. To elect all necessary Town officers.
5. To see if the Town will vote a sum of money to take advantage of State Highway Law and Resurfacing and if so, how much money.
6. To see what tax said Town will vote to pay current expenses of said Town for the ensuing year and to pay the indebtedness of said Town.
7. To see if the Town will vote to pay the taxes to the Town Treasurer.
8. Shall licenses for the sale of malt and vinous beverages be granted in this Town?
9. Shall spirituous liquors be sold in this Town?
The vote under articles 8 and 9 shall be by ballot, in form as provided by this act. Such ballots are furnished by the Secretary of State.
10. Shall the Town employ a State Auditor to audit the books?
11. Shall the Town vote to prohibit all advertising signs having an area of over forty square feet over all—this regulation to go into effect at once? This shall not affect business signs on property which pertain exclusively to the property itself, its sale, its rental, or business conducted thereon, nor existing direction signs.
12. Shall the Town have its fiscal year end December 31?
13. Shall the Town give the Library Association \$25.00 for upkeep?
14. Shall the Town vote to instruct its School Director to enlarge the East Clarendon school building by sixteen feet on its shortest side or the equivalent, to be available for school use by September, 1946?

HOWARD O. PIERCE,
GEORGE H. LEONARD,
JOHN H. PRATT,
Selectmen.
